News & Views

A bi-weekly section where readers will be informed on subjects of seasonal interest, upcoming events and other timely topics.

6TH ANNUAL TRASH TO TREASURE – SATURDAY, APRIL 25TH – It's spring, time to clean out. Remember the chair in the garage someone could use, the skis that are too small. We have a solution for you.

Put anything you don't need that may be usable to someone else on the curb and label it with a "free" sign from 7:30 a.m. until 5:00 p.m. that day, and watch things disappear.

Items not taken should be brought in and placed out at the curb on your next garbage day.

Residents may also call Republic Services/Allied Waste at 763-784-2104 prior to their regular collection day to schedule a pick-up of unwanted and larger items at no extra charge. Electronics will be accepted at the Town's Spring Clean-up.

RECYCLING TIP OF THE WEEK — Did you know that old gas cans contribute to air pollution? They leak vapors into the air, even while in storage. Air pollution harms everyone, especially children and people with respiratory issues. Starting April 21st, you can exchange your old gas can for a new vent-free can with no-spill features. The exchange will take place at the Bay West site location, 5 Empire Drive, St. Paul, call 651-633-EASY(3279) or www.RamseyRecycles.com for directions and further information. Limit one can per household, while supplies last. Bay West is also a free drop off site for household hazardous waste.

YARD WASTE PICK-UP STARTING – Beginning the week of April 13th, Republic Services will begin pick-up of yard waste in the Township. Ramsey County compost sites are now open.
