smoke that becomes a nuisance to nearby properties. Wondering if there is a burning ban on or if you wish to have a controlled burn larger than what fits into a fire pit, call the White Bear Lake Fire Department at 651.429.8568.

### WANT MOSQUITO OR TICK INFORMATION?

– The Metropolitan Mosquito Control District provides a wide variety of mosquito/fly/tick information.

Everything from helicopter routes, spraying times & days, types of chemicals used, & hints on how to identify & rid your home of mosquito breeding sites. Please feel free to contact the MMCD to report a high mosquito annoyance as possible spraying could be done in your area if warranted. They can be reached at 651.645.9149 or at [mmcdmosq@mmcd.org](mailto:mmcdmosq@mmcd.org).

### UNLOCKED VEHICLES ARE EASY TARGETS FOR THIEVES

– Thieves continue to find easy pickings in several of our neighborhoods this summer. Common theme in the reports are unlock cars with valuables left inside parked on the street or driveway. Even if you are parked in front of your house, in your driveway or inside your garage, lock your doors. Criminals like to walk down the street & see if a car is unlocked, if it is they open the door & take whatever is visible & move on to the next target. However, if the door is locked, they are more likely to move on.
