Town Clerk Bill Short

White Bear Township

1281 Hammond Road

White Bear Township, MN 55110

Dear Town Clerk Short,

I regret to inform you that Hillcrest Animal Hospital will no longer be offering animal impound services after February 28, 2018. I have decided to take the practice in a different direction. No price changes will occur before that date. Our contract with your township specifies a 60-day, written notice before changes are made. If, however, you arrange other impound services before February 28, you will not be held to the 60-day notice requirement. We would appreciate it, however, if you would let us know when changes are made, so we can give the appropriate information to your residents. Please remember to update your website as well, so that the transition will be as smooth as possible.

We will care for any animals brought to us by February 28, through their impound time and return to their owners or placement with rescue organizations. If you have any questions, please call the number below and ask for either Jayne or Jenny.

Thank you for trusting us with animal impound services over the last years.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Bouthilet DVM".

Deputies dispatched to 4281 Parkview Court on a domestic assault. Terron Taway Lowrell Martinez, a 37-year-old male, was arrested and booked for Felony Domestic Assault by Strangulation.

The victim is a Michelle Janae Bohanan, a 32-year-old female. Martinez has a protection order against Bohanan. Bohanan also has a GM-No Insurance warrant.

Due to the power outage and related computers being down last night the photos have not yet been attached. I approved the report so it can be worked on and photos will be attached in the afternoon.

1705539712-05-2017 @ 0212 hours

Deputy Berg made a traffic stop for fail to signal turn and defective brake light. Also because he thought the car was attempting to evade him.

Driver was cited for DAR. Female passenger, Cynthia Burrows Wiger, a 26 year old female from Lino Lakes, was arrested and booked for her Felony Extraditable warrant out of St. Croix County, Wisconsin. Original warrant was for Meth.

Investigator Maltby re-issued a pickup and hold for James Leron Epps for Felony Domestic Assault. The vehicle Epps is thought to be driving, MN 589-XKU, was observed parked on Thomas Ave just west of Mackubin Street on the north side of the street at 0444 hours this morning.

Maybe SIU or INV Maltby can follow up on this.

### ANIMAL CONTROL REPORT

Mario noted that he has been on light duty for a while and is facing surgery that will have him out of service for two months. He then reported on animal control calls for service in each contracting community from January 1<sup>st</sup> through October 31<sup>st</sup>. That information is as follows:

### RECONCILIATION ADJUSTMENT ISSUE

Sheriff Serier was present to review the 2015/2016 Reconciliation issue involving Police State Aid. He had Tina Kill, Budgeting & Human Resource Inspector and Bob Walberg, long-time member of County Finance team who has come out of retirement to help resolve this matter.

Sheriff Serier stated that an accounting staff member didn't submit the Police State Aid report on time. RCSD did not receive correspondence from the State during the 10-day grace period. The penalty is 5% of the state aid allotment per week the report is late. This totaled about \$191,000 and the contract jurisdictions portion of that amount is \$89,000. They are appealing the imposition of that penalty to the State and are hopeful a favorable outcome will result. He also emphasized that the Contracting jurisdictions would be made whole regardless of the outcome of the appeal.

It was also discovered that the 2015 and 2016 reconciliations did not allocate the proper amount of Police State Aid. There was a \$250,000 placeholder in the budget and that amount was incorrectly used in the reconciliation process. Errors in the application of the Contract Jurisdiction budget formulas were also discovered. For 2016, the net amount due the contract jurisdictions is \$52,991.66. They are still calculating the 2015 amounts. **(NOTE: The**

**Preliminary Findings of the Reconciliation Process that was distributed after the meeting to properly explain the modifications to the calculations are attached to these minutes.)**

Sheriff Serier stated he takes budgeting very seriously. When the problem was discovered, they took immediate action from a personnel standpoint. He apologized for the problem and pledged to resolve it. Posting for new accounting staff is presently underway.

### **THIRD QUARTER CRIME STATISTICS**

3<sup>rd</sup> Quarter Crime stats were distributed. We have experienced an uptick in theft from autos and thefts. The handouts also show the top 10 calls for service for the entire contract group as well as for each community. It was also noted that Traffic Stops include the traffic deputies' numbers.

### **2017 REVIEW**

Bill Short distributed the compiled responses for the 2017 Review of the Sheriff Department's services to the Contract Group. He noted that Shoreview's information is not yet included and he will e-mail out an updated copy after the meeting. He reviewed the a summary of the overall report and noted that the number of "Concerns" as identified in the reporting format have decreased from 16 in 2016, to 10 in 2016, to 6 in 2017.

## Attachment to 11/16/2017 Minutes

# Preliminary Findings concerning the 2015 and 2016 Contract City Reconciliations

Several issues were discovered in the review of the 2015 and 2016 Contract City Reconciliations. These can be categorized as follows:

1. State Pension Aid

State Pension Aid was credited to the Contract Cities based on the amount originally budgeted rather than the actual amount received and the ratio of deputies serving the Cities as compared to the County in total.

2. Missed expenditures and revenues

Several expenditures and revenues were missed due to cell reference errors causing the wrong value to be carried from one portion of the worksheet to another.

A summary of the findings are as follows:

### 2015

#### Major Items Resulting in Adjustment to Cities:

Increased Allocation of State Pension Aid =	81,850.83
Recovery of Curr Yr Exp not included previously =	13,061.02
Other Misc errors =	10,287.44
Items resulting in increase to Cities =	<u>105,199.29</u>
Reduction of Auction/Sale Proceeds (Amt carried over from 2014) =	53,536.52
Items resulting in decrease to Cities =	<u>53,536.52</u>
Net =	<u>51,662.77</u>

2016

**Major Items Resulting in Adjustment to Cities:**

Increased Allocation of State Pension Aid =	123,686.46
Recovery of Current Year Exp (Reim for squad cameras) =	45,166.00
Journal 0001429751 dated 12-31-2016 entered 06-01-2017, period 998 =	9,785.00
Items resulting in increase to Cities =	<u>178,637.46</u>
Back out of revenue shown in Expense Schedule =	7,549.14
Expense not previously allocated (7,483,736.56 - 7,359,791.75) =	116,396.00
Other Misc errors =	1,700.65
Items resulting in decrease to Cities =	<u>125,645.79</u>
Net =	<u>52,991.66</u>

**MINUTES OF A MEETING OF THE JURISDICTIONS  
THAT CONTRACT WITH THE RAMSEY COUNTY SHERIFF'S OFFICE  
FOR POLICE SERVICES  
DECEMBER 21, 2017**

The meeting was called to order at 8:04 a.m. by Chair Watson at the Ramsey County Sheriff's Office Patrol Station, 1411 Paul Kirkwold Drive, Arden Hills.

The following members were present:

- Kevin Watson, City of Vadnais Heights, Chair
- Bill Joynes, City of Arden Hills
- Terry Schwerm, City of Shoreview
- Bill Short, White Bear Township
- Mike Robertson, City of North Oaks
- Joel Hanson, City of Little Canada
- Sack Thongvanh, City of Falcon Heights
- Terry Soukkala, Ramsey County Sheriff's Dept.
- Rich Clark, Ramsey County Sheriff's Dept.
- Jason Degerstrom, Ramsey County Sheriff's Dept.
- Mike Norstrem, Ramsey County Sheriff's Dept.

**APPROVAL OF AGENDA**

Upon a motion by Short and a second by Robertson, the agenda was approved. Motion Carried.

**APPROVAL OF MINUTES**

Upon a motion by Robertson and a second by Short, the minutes of the November 16, 2017 meeting were approved as amended (Mario Lee's title) Motion Carried.

**SHERIFF UPDATE - RECONCILIATION**

Sheriff Serier was not able to attend today's meeting and this item was held over for a future meeting.

**TYPE I & TYPE II ASSAULT CLASSIFICATIONS**

It was noted that Mayor Fletcher of Vadnais Heights had questioned the classification of Assaults (Type I & II) from an earlier report distributed by the RCSD. Commander Clark explained that the Zeurcher records management system records all calls for service, even if for the same event. However, that system can't discern the actual nature of the crime. As a result, all calls are reviewed before reporting to BCA to ensure the proper classification.

Schwerm agreed with Commander Clark that we want calls for service numbers. He also requested that we receive a copy of what is submitted to the BCA.

### **2017 REVIEW & 2018 GOALS**

Bill Short noted that he did not have any updates to the 2017 Review that was previously distributed. The group talked about goals for 2018 and the following were identified as needing attention:

- Investigation Staffing Levels - this will require additional research as to types of cases investigated, resulting charges, and disposition of charges/clearance rates.
- Body Cameras – this requires RCSD to develop appropriate policies relating to camera activation, data storage/retrieval, and data practices procedures. The group noted that it seemed the addition of body cameras was inevitable and we should use the additional 2015/2016 reconciliation adjustment dollars to help fund this to minimize impact to the 2018 or future budgets.
- Police Involved Shooting Response Communication Action Plan & Elected Official Education to develop awareness of training/staff development - Soukkala noted that the Minnesota Chiefs of Police has an excellent program regarding the communication process and he will forward information on the availability of that program. Clark noted that he will update previous materials relating to hiring practices and training.

### **INVESTIGATION ANALYSIS**

Commander Mike Norstrom presented three documents for review by the group related to investigation activities within the Patrol Division. They were:

- ✓ CIU Case Assignments by City
- ✓ Cases Investigated by Call Code
- ✓ A Three-year Calls for Service & Cases Assigned Report by jurisdiction

Here is a summary of the key points of the presentation:

- ❖ 1518 Investigations through 12/19/2017. There are 147 cases still open and under investigation. 1518 total - 147 open = 1371 Closed cases.
- ❖ Clearance rate generally refers to cases which are cleared with a charge. Cleared 283 cases with charges so far in 2017. 283 charged cases / 1371 closed cases = 21% charging (or clearance) rate.
- ❖ 279 cases were closed as non-workable (No further leads exist. Case may be reopened if new or additional evidence becomes available. These

are "Non-cleared cases") 279 NW / 1371 Closed cases = 21% Closed, but not cleared rate.

- ❖ In addition to the cases which were charged, 93 cases were referred to the city or county attorney and charges were declined. They also have 82 cases at the city or county attorney awaiting a charging decision.
- ❖ 206 cases closed exceptionally (closed other than by arrest, charging, diversion, not prosecuted, not workable, transfer to outside agency, or unfounded). An additional 147 closed by assist, advise, or other clearance codes.
- ❖ There were 246 cases transferred to another agency for investigation.
- ❖ 17 cases were resolved through diversion.
- ❖ The cases cleared by charging or other statuses except non-workable would then be 1092 cases. 1092 cleared cases / 1371 closed cases would result in a total clearance rate (by charging or closure other than "non-workable") of 79%
- ❖ These statistics are based on numbers in the handout provided and should be considered as a fairly accurate representation based on the provided information.
- ❖ For FBI statistical purposes of UCR, the term clearance refers to cases closed by arrest. As used here, it represents cases which were investigated to a conclusion; either through charging, presentation for charging or an exceptional method that would not lead to the case being re-opened. Non-workable cases are not considered "cleared" as they are subject to being re-opened for further investigation.

### **2018 MEETING SCHEDULE**

Bill Short distributed a meeting schedule for 2018. It was noted that two members had conflicts with our January meeting. As a result, the group decided to move the January meeting to Friday, January 12<sup>th</sup> at 8:00 a.m. Short noted that he will add BCA Case submittals to the March agenda.

### **2018 OFFICER ROTATION**

Based upon the information provided by Mr. Short, the 2018 Officer assignments are as follows:

- Chair – Mike Robertson – North Oaks

- Vice Chair – Joel Hanson – Little Canada
- Secretary – Dave Perrault – Arden Hills

It was also noted that Falcon Heights will be placed on the rotation schedule to follow Arden Hills.

### SHERIFF'S UPDATE

- The results of the Sergeants exam were recently posted by the County's Human Resources office. It was discovered that some of the results contained errors. In correcting the errors, some of the testers became testy when the new tally of their tests was deemed to be less terrific than initially testified. The Sheriff's office is trying to triumph over these tribulations.
- It was noted that with the Sergeants exam, we are likely to see high performing deputies being promoted. This leaves voids in training and expertise. The group acknowledged that situation, but supported the approach of rewarding high performers.
- 18 new Deputies are currently in the academy and should be ready for deployment by April.
- At the request of some of the prosecuting city attorneys, the Sheriff's Department is making revisions to report writing procedures.
- A new group of crime scene processors has been trained.
- Service to Falcon Heights starts at midnight on 1/1/18 and RCSD is ready to go. It was noted that two community meetings were held to talk about the transition and expectations and both went very well although attendance was lighter than expected.
- It was also noted that the U of M Police will be providing some back-up services in Falcon Heights. Communication and reporting coordinating issues are being worked out. This will mean that other contract city cars will have to back up the FH car less frequently.
- It was reported that 25 staff members were initially requested to help out with Super Bowl activities. That request has been reduced to six to eight staff members with none of them coming from patrol.

### COMMUNITY UPDATES

**North Oaks** – Less deer were taken this year during their control efforts.

**Falcon Heights** – The Bell Museum will be opening in 2018.

**White Bear Township** – The Lund's/Byerly's project has been approved off of Centerville Road north of Highway 96. This will result in a new signalized intersection. Short also reported that South Shore Boulevard is a County turn-back road that the township is considering making a one-way street.

**Arden Hills** – Bill Joynes is attending his last meeting with us before riding off into the sunset for the 3<sup>rd</sup> and final time. The group thanked him for his involvement and wished him the best in retirement. Bill noted that Dave Perrault

Minutes

will be taking over as City Administrator on January 1<sup>st</sup>. Bill also stated that Arden Hills has hired Sue Polka from WSB to be their Director of Public Works.  
**Vadnais Heights** – They held their hearing on Municipal Consent last night for the Rice Street Bridge over 694. Kevin was less than confident the Council would be granting consent.

## PROFILE OF AN ACTIVE SHOOTER

An Active Shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.

Active shooter situations are unpredictable and evolve quickly. Typically, the immediate deployment of law enforcement is required to stop the shooting and mitigate harm to victims.

Because active shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, individuals must be prepared both mentally and physically to deal with an active shooter situation.

### Good practices for coping with an active shooter situation

- Be aware of your environment and any possible dangers
- Take note of the two nearest exits in any facility you visit
- If you are in an office, stay there and secure the door
- If you are in a hallway, get into a room and secure the door
- As a last resort, attempt to take the active shooter down. When the shooter is at close range and you cannot flee, your chance of survival is much greater if you try to incapacitate him/her.

**CALL 911  
WHEN IT IS SAFE TO DO SO!**

## HOW TO RESPOND WHEN AN ACTIVE SHOOTER IS IN YOUR VICINITY

Quickly determine the most reasonable way to protect your own life. Remember that customers and clients are likely to follow the lead of employees and managers during an active shooter situation.

### 1. RUN

If there is an accessible escape path, attempt to evacuate the premises. Be sure to:

- Have an escape route and plan in mind
- Evacuate regardless of whether others agree to follow
- Leave your belongings behind
- Help others escape, if possible
- Prevent individuals from entering an area where the active shooter may be
- Keep your hands visible
- Follow the instructions of any police officers
- Do not attempt to move wounded people
- Call 911 when you are safe

### 2. HIDE

If evacuation is not possible, find a place to hide where the active shooter is less likely to find you.

Your hiding place should:

- Be out of the active shooter's view
- Provide protection if shots are fired in your direction (i.e., an office with a closed and locked door)
- Not trap you or restrict your options for movement

To prevent an active shooter from entering your hiding place:

- Lock the door
- Blockade the door with heavy furniture

If the active shooter is nearby:

- Lock the door
- Silence your cell phone and/or pager
- Turn off any source of noise (i.e., radios, televisions)
- Hide behind large items (i.e., cabinets, desks)
- Remain quiet

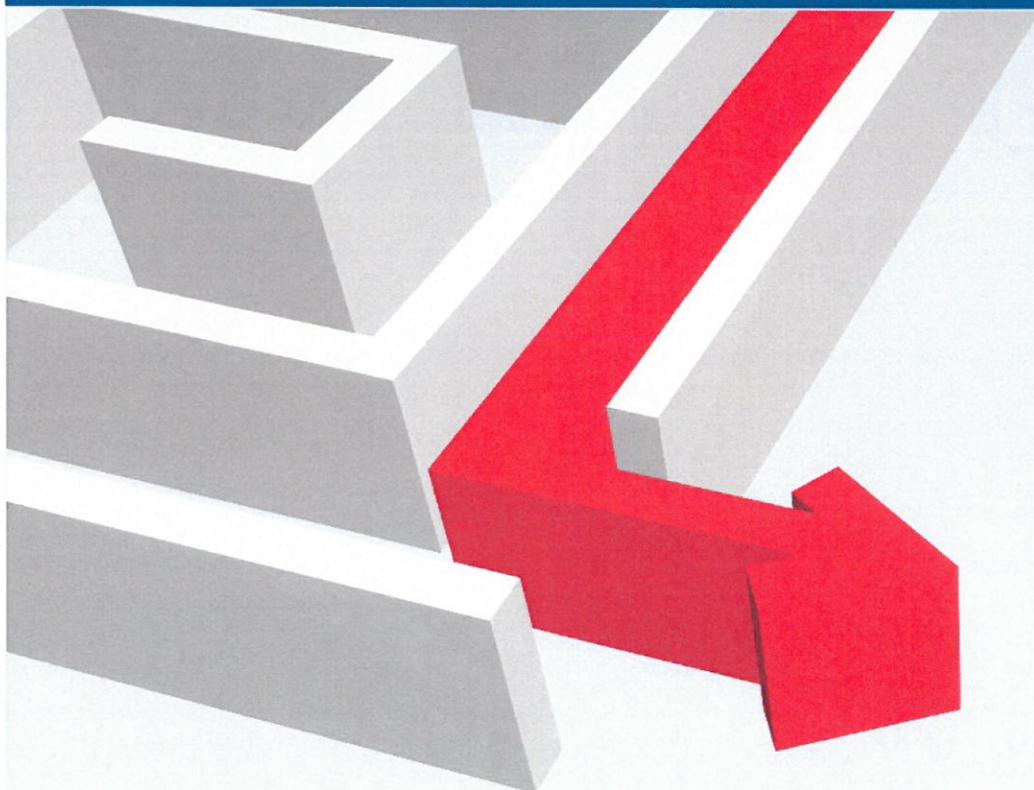

If evacuation and hiding out are not possible:

- Remain calm
- Dial 911, if possible, to alert police to the active shooter's location
- If you cannot speak, leave the line open and allow the dispatcher to listen

### 3. FIGHT

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:

- Acting as aggressively as possible against him/her
- Throwing items and improvising weapons
- Yelling
- Committing to your actions

## HOW TO RESPOND WHEN LAW ENFORCEMENT ARRIVES

Law enforcement's purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard.

- Officers usually arrive in teams of four (4)
- Officers may wear regular patrol uniforms or external bulletproof vests, Kevlar helmets, and other tactical equipment
- Officers may be armed with rifles, shotguns, handguns
- Officers may use pepper spray or tear gas to control the situation
- Officers may shout commands, and may push individuals to the ground for their safety

How to react when law enforcement arrives:

- Remain calm, and follow officers' instructions
- Put down any items in your hands (i.e., bags, jackets)
- Immediately raise hands and spread fingers
- Keep hands visible at all times
- Avoid making quick movements toward officers such as holding on to them for safety
- Avoid pointing, screaming and/or yelling
- Do not stop to ask officers for help or direction when evacuating, just proceed in the direction from which officers are entering the premises

Information to provide to law enforcement or 911 operator:

- Location of the active shooter
- Number of shooters, if more than one
- Physical description of shooter/s
- Number and type of weapons held by the shooter/s
- Number of potential victims at the location

The first officers to arrive to the scene will not stop to help injured persons. Expect rescue teams comprised of additional officers and emergency medical personnel to follow the initial officers. These rescue teams will treat and remove any injured persons. They may also call upon able-bodied individuals to assist in removing the wounded from the premises.

Once you have reached a safe location or an assembly point, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave until law enforcement authorities have instructed you to do so.

## TRAINING YOUR STAFF FOR AN ACTIVE SHOOTER SITUATION

To best prepare your staff for an active shooter situation, create an Emergency Action Plan (EAP), and conduct training exercises. Together, the EAP and training exercises will prepare your staff to effectively respond and help minimize loss of life.

### Components of an Emergency Action Plan (EAP)

Create the EAP with input from several stakeholders including your human resources department, your training department (if one exists), facility owners / operators, your property manager, and local law enforcement and/or emergency responders. An effective EAP includes:

- A preferred method for reporting fires and other emergencies
- An evacuation policy and procedure
- Emergency escape procedures and route assignments (i.e., floor plans, safe areas)
- Contact information for, and responsibilities of individuals to be contacted under the EAP
- Information concerning local area hospitals (i.e., name, telephone number, and distance from your location)
- An emergency notification system to alert various parties of an emergency including:
  - Individuals at remote locations within premises
  - Local law enforcement
  - Local area hospitals

### Components of Training Exercises

The most effective way to train your staff to respond to an active shooter situation is to conduct mock active shooter training exercises. Local law enforcement is an excellent resource in designing training exercises.

- Recognizing the sound of gunshots
- Reacting quickly when gunshots are heard and/or when a shooting is witnessed:
  - Run
  - Hide
  - Fight the shooter as a last resort
- Calling 911
- Reacting when law enforcement arrives
- Adopting the survival mind set during times of crisis

## Additional Ways to Prepare For and Prevent an Active Shooter Situation

- Preparedness
  - Ensure that your facility has at least two evacuation routes
  - Post evacuation routes in conspicuous locations throughout your facility
  - Include local law enforcement and first responders during training exercises
  - Encourage law enforcement, emergency responders, SWAT teams, K-9 teams, and bomb squads to train for an active shooter scenario at your location
- Prevention
  - Foster a respectful workplace
  - Be aware of indications of workplace violence and take remedial actions accordingly

For more information on creating an EAP contact the U.S. Department of Labor, Occupational Health and Safety Administration, [www.osha.gov](http://www.osha.gov).

## PREPARING FOR AND MANAGING AN ACTIVE SHOOTER SITUATION

Your human resources department and facility managers should engage in planning for emergency situations, including an active shooter scenario. Planning for emergency situations will help to mitigate the likelihood of an incident by establishing the mechanisms described below.

### Human Resources' Responsibilities

- Conduct effective employee screening and background checks
- Create a system for reporting signs of potentially violent behavior
- Make counseling services available to employees
- Develop an EAP which includes policies and procedures for dealing with an active shooter situation, as well as after action planning

### Facility Manager Responsibilities

- Institute access controls (i.e., keys, security system pass codes)
- Distribute critical items to appropriate managers / employees, including:
  - Floor plans
  - Keys
  - Facility personnel lists and telephone numbers
- Coordinate with the facility's security department to ensure the physical security of the location
- Assemble crisis kits containing:
  - radios
  - floor plans
  - staff roster, and staff emergency contact numbers
  - first aid kits
  - flashlights
- Place removable floor plans near entrances and exits for emergency responders
- Activate the emergency notification system when an emergency situation occurs

## Reactions of Managers During an Active Shooter Situation

Employees and customers are likely to follow the lead of managers during an emergency situation. During an emergency, managers should be familiar with their EAP, and be prepared to:

- Take immediate action
- Remain calm
- Lock and barricade doors
- Evacuate staff and customers via a preplanned evacuation route to a safe area

## Assisting Individuals with Special Needs and/or Disabilities

- Ensure that EAPs, evacuation instructions and any other relevant information address to individuals with special needs and/or disabilities
- Your building should be handicap-accessible, in compliance with ADA requirements.

## RECOGNIZING POTENTIAL WORKPLACE VIOLENCE

An active shooter in your workplace may be a current or former employee, or an acquaintance of a current or former employee. Intuitive managers and coworkers may notice characteristics of potentially violent behavior in an employee. Alert your Human Resources Department if you believe an employee or coworker exhibits potentially violent behavior.

### Indicators of Potential Violence by an Employee

Employees typically do not just “snap,” but display indicators of potentially violent behavior over time. If these behaviors are recognized, they can often be managed and treated. Potentially violent behaviors by an employee may include one or more of the following (this list of behaviors is not comprehensive, nor is it intended as a mechanism for diagnosing violent tendencies):

- Increased use of alcohol and/or illegal drugs
- Unexplained increase in absenteeism; vague physical complaints
- Noticeable decrease in attention to appearance and hygiene
- Depression / withdrawal
- Resistance and overreaction to changes in policy and procedures
- Repeated violations of company policies
- Increased severe mood swings
- Noticeably unstable, emotional responses
- Explosive outbursts of anger or rage without provocation
- Suicidal: comments about “putting things in order”
- Behavior which is suspect of paranoia. (“everybody is against me”)
- Increasingly talks of problems at home
- Escalation of domestic problems into the workplace; talk of severe financial problems
- Talk of previous incidents of violence
- Empathy with individuals committing violence
- Increase in unsolicited comments about firearms, other dangerous weapons and violent crimes

## MANAGING THE CONSEQUENCES OF AN ACTIVE SHOOTER SITUATION

After the active shooter has been incapacitated and is no longer a threat, human resources and/or management should engage in post-event assessments and activities, including:

- An accounting of all individuals at a designated assembly point to determine who, if anyone, is missing and potentially injured
- Determining a method for notifying families of individuals affected by the active shooter, including notification of any casualties
- Assessing the psychological state of individuals at the scene, and referring them to health care specialists accordingly
- Identifying and filling any critical personnel or operational gaps left in the organization as a result of the active shooter

## LESSONS LEARNED

To facilitate effective planning for future emergencies, it is important to analyze the recent active shooter situation and create an after action report. The analysis and reporting contained in this report is useful for:

- Serving as documentation for response activities
- Identifying successes and failures that occurred during the event
- Providing an analysis of the effectiveness of the existing EAP
- Describing and defining a plan for making improvements to the EAP

Re: Change in Parking Regulations on Lake Avenue and Overlake

This is in regards to installing no parking signs in the area where Overlake turns into Lake Avenue in the Benson Bay neighborhood.

Over the years I and other neighbors have become aware of this turn being a definite public safety issue when cars are parked on the inner curve of the intersection.

When cars are parked in that area it reduces the road to one car width and cars then are forced to go into the outer road area. When cars are parked in this manner there is extremely limited visibility for oncoming traffic. This has resulted in several close calls between cars and between cars and people.

The added factor to this area is that it is adjacent to a small park that is frequented by children. It is also a problem when we get into winter and snow plowing needs to be accomplished.

It would be very appreciated if you would consider putting up no parking signs along the concrete curbing at this intersection.

If it would be helpful to personally address the public safety committee, other neighbors and myself would be more than happy to do so.

If you have any further questions, please feel to contact me at 651-357-2148 or 651-429-5836.

We can review the supporting documentation of the last No Parking sign request so we are consistent in our logic.

Thanks guys,  
I'm expecting that one resident, whose home is near the intersection, may oppose the "no parking" idea. So anything that you can offer that reinforces the public safety benefits of "no Parking" would be helpful.  
Thanks,  
Bill

## OTTER LAKE ELEMENTARY SCHOOL 2018 SPRING CARNIVAL DONATIONS

Dear Business Owner(s),

This year's Otter Lake Elementary annual spring carnival will take place on April 6th and we need your support to make it the best carnival yet!

As part of the carnival fundraiser, we will be holding a prize drawing during the carnival. To make this carnival a success, **we need your help with donations!** All donations are greatly appreciated and necessary to make the fundraiser a wonderful event for the families and students of Otter Lake Elementary.

Please consider donating **cash, a gift certificate, product, merchandise, etc.** A cash donation will allow us to purchase some of the larger prizes for the drawing. To show our appreciation for your help, we will include the names of all our sponsors in various communications that are distributed to all Otter Lake Elementary families including flyers, newsletters and online channels.

The funds raised from the carnival are used in many different ways. Some examples include: additional computer software, library and educational materials, art in the classroom and much more.

**WE GREATLY APPRECIATE YOUR SUPPORT AND PARTICIPATION IN MAKING THIS CARNIVAL A CONTINUED SUCCESS.** Our children are our greatest assets for our future. Thank you for your support!

Please respond by March 6<sup>th</sup>.

Sincerely,

Dear Ms. Mueller:

This is to inform you that the Public Safety Commission will be meeting on Thursday, February 1, to make a final decision and commitment on participating in the school carnival, Friday, April 6, 2018. You will be promptly notified of the decision. If you should have any questions prior to or after the meeting, please contact Bill Short, Town Clerk, at 651-747-2757 or 651-429-5827.

The Township will need basically the same setup location and table configuration as last year, if the carnival plan is to proceed. The Ramsey County Sheriff's Department will need the classroom assignment for its ID kit and K-9 exhibits. Please convey these needs to the carnival coordinators when appropriate.

The Public Safety Commission appreciates the opportunity and your interest in having the Township participate in this highly visible community service activity.

Sincerely,

## MEMORANDUM

Date: January 25, 2018  
To: Town Board  
From: Tori Leonhardt, Accounting Clerk   
Re: 2016 vs 2017 False Alarms

In 2016 there was \$1,300.00 billed out for false alarms compared to 2017, where there was \$300.00 billed out for false alarms.

It appears that the owner or occupant is canceling some of the repeat false alarm calls from 2016 before the call is dispatched; therefore, they are not recorded as a false alarm and are not billable. While this is good and shows that businesses and residents are being more diligent in canceling false alarms, it does effect the revenue that is received.

## *Memorandum:*

TO: Health and Public Safety Commission Members

FROM: Ed Leier, Fire Chief

DATE: January 24, 2018

DATE: Resolution – Commission Stipends

Discuss and a pass a resolution for commission stipends. To clarify, under City organization and procedure it states the members shall receive an expense allowance of not more than \$20 per month for the chairperson and secretary and not more than \$15 per month for other members, including alternates.

Nowhere does it states if a member attends “x” number of meetings they are paid “x” amount. Stipends are based on the member’s attendance at each meeting. If a member attends no meetings, they are not paid. However, members may stipulate that attendance at a City event qualify as a meeting. Please clarify this by resolution at the first meeting of the year. The minutes need to reflect the basis for payment as determined by the commission members. A sample resolution is below.

Sample Resolution: “Upon motion by \_\_\_\_\_, seconded by \_\_\_\_\_, the members hereby adopt the stipend payment process for 2018 as follows: The chairperson and secretary receive \$20.00 per meeting, all other members including alternates receive \$15.00 per meeting.”

CITY ORGANIZATION AND PROCEDURE  
Chapter 217

217. Health and Public Safety Commission

217.010 Commission Established. There is hereby established for the City a Health and Public Safety Commission.

217.020 Duties. The Health and Public Safety Commission shall assist and advise the City Council in all policy matters relating to public safety and solid waste in the City of Vadnais Heights as follows:

(1) Annually, and on a long-term basis, review police, fire, paramedic and EMT medical response, animal control, emergency management, traffic, and other street/trail safety-related concerns in the City and report recommendations, if any, to the Council.

(2) Review and recommend procedures to the City Council to promote the collection and recycling of solid waste and yard waste that the City must accomplish in order to meet or better the State Waste Management Act, Minn. Stat. § 473.803, subd. 1., and the Ramsey County Solid Waste Management Plan adopted February 23, 1987. The objectives of these Acts and Plans are to reduce the use of landfills for disposal of solid waste and to make each resident of the State/County/City aware of the need to reduce the quantity of articles reaching the refuse stream. The Commission should attempt to provide the most cost-effective pickup service of solid waste and recycling that takes into consideration safety and minimal wear on streets within the City. The Commission, with the assistance of the public service staff, shall plan spring and fall clean-ups for the community. The commission shall also propose, recommend, and advise the Council on other matters of general environmental safety concerns within the community.

(3) Assist the public safety agencies in the development of management information and communication systems.

(4) Annually sponsor Minnesota Night to Unite event(s) on the first Tuesday of August and assist in communicating public safety messages to community through various modes of communication.

(5) Advise the Council on any and all matters referred to it by the Council.

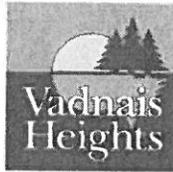

217.030 Membership, Terms and Removal. The Health and Public Safety Commission shall consist of not more than seven (7) members to be appointed by the Council. Four members shall constitute a quorum. Each member of the Commission shall be a resident of the City who does not hold any elective or appointive public office. Civil Service employment does not constitute public office. A Fire Department representative, Ramsey County Sheriff's Department, representative, the City's paramedic service provider representative, and the City's Emergency Management Director shall be ex-officio members of the Commission, but shall not be entitled to vote on matters. All members shall be appointed by the City Council for three (3) year terms, and vacancies shall be filled for the remainder of the term of office which is vacated. Any member may be removed by the Council for cause duly found.

217.032 Alternates. The Council may appoint no more than two (2) alternates to the Commission. Such alternates may attend and take part in the Commission meeting but shall have no vote, provided

that if one (1) or more regular members is absent for any meeting, then an alternate (in order of seniority if more than one (1)) may sit with all the privileges of a member for that meeting only.

- 217.040 Meeting Dates. The Commission shall establish its own meeting dates, but shall meet at least eight (8) times a year and participate or sponsor other various activities throughout the year.
- 217.050 Procedure. The Commission may adopt its own rules and procedure consistent with this and other City ordinances and laws of the State. These rules may include methods of calling meetings, conducting hearings, methods of voting, and maintaining Commission records.
- 217.060 Reports. The Commission shall provide a copy of the minutes of each meeting and semi-annually submit a report of its activities and any recommendations to the Council.
- 217.070 Allowances. Members of the Commission may receive an expense allowance of not more than Twenty Dollars (\$20) per month for the chairperson and secretary not more than Fifteen Dollars (\$15) per month for other members, including alternates for each month in which a Commission meeting is held or commission activities or events take place. The amount of such allowance and the basis for its payment shall be determined by the Commission members.
- 217.080 Staff Liaison. The Fire Chief shall serve as the lead staff liaison to the Commission. The staff liaison shall assist the Council liaison with communication and information as requested. All other regular employees and consultants shall assist the commission when requested. Annually, by a prescribed date, the staff liaison shall submit a budget request to the Finance Director for operations of the Commission for the ensuing year.

Sheriff's Office to hold Citizen Academy

The Ramsey County Sheriff's Office is hosting a Citizen Academy beginning in February 2018. This three week course will take participants on a behind the scenes journey of the work and activities of the Sheriff's Office. The course will begin Tuesday, February 20 and continue through Thursday, March 8, 2018. Sessions will run each Tuesday and Thursday for three and a half hours per night, from 6:00 PM – 9:30 PM.

Topics include patrol procedures, K-9, criminal investigations, crime scene processing, narcotics, crime prevention, and the communication center (911 system). The academy will also include the topics of court orders, civil process, criminal history, and warrants. In addition to classroom training, participants will receive tours of the patrol station, the adult detention center (jail), and other Sheriff's Office facilities.

There is no fee, the only commitment is that participants are asked to attend all six sessions. At the conclusion of the academy, graduates will receive a certificate of completion. Participants will also be offered volunteer opportunities to continue their partnership with law enforcement.

Applicants must be 18 years of age, pass a criminal history background check, and be available to attend all of the sessions. Academy size is limited.
