MINUTES
PUBLIC SAFETY COMMISSION MEETING
FEBRUARY 1, 2018

The meeting was called to order at 6:00 p.m.

Present: Griffin, LeBlanc, Lee, Linn, Pozzini-Stedman, Timmers; Town Board Liaison: Prudhon; Staff Liaison: Short.

Absent: Anderson and Brueckner with notice.

APPROVAL OF AGENDA (Additions/Deletions): LeBlanc moved approval of the agenda as submitted. Linn seconded. Ayes all.

CONSENT AGENDA: LeBlanc moved approval of the Consent Agenda as follows: 3A) Receive Animal Control Reports; 3B) Receive Ramsey County Sheriff's Reports; 3C) Receive Sheriff's Contract Group Minutes; 3D) Receive White Bear Lake Fire Department Reports. Pozzini-Stedman seconded. Ayes all.

COMMISSIONER'S REPORT: **Wilson Tool Sign Request:** Wilson Tool/Aspect LED is requesting a pylon type sign 250 square feet in area on their light industrial building on Constellation Drive. The sign size exceeds what is allowed in the Ordinance. They would like to have a 4.5' x 24' building mounted sign and a 12' x 25' pylon sign. They would be okay with a pylon sign of 12' x 12'. Since these are LED signs one resident asked if it would be too bright. If the size of sign they request exceeds the requirements for signs, the Town would have to amend the Sign Ordinance. **Hillcrest Animal Hospital:** The Hillcrest Animal Hospital will no longer be offering animal impound services after February 28, 2018. The Animal Hospital has decided to take the practice in a different direction. No price changes will occur before that date. The contract with the Township specifies a 60 day written notice before any changes are made. Animal Control Officer, Mario Lee is contacting other potential impound facilities including Animal Humane Society, Animal Folks, St. Paul Animal Care and Control and Lake Animal Hospital. **Active Shooter:** The Town Board and Town Staff attended an active shooter presentation which provided directions on how to respond in an active shooter situation. If an active shooter is in your vicinity the following three guidelines are recommended. **RUN:** If there is an accessible escape path evacuate the premises. Have an escape plan in mind; leave belongings behind; help others escape; keep hands visible; follow the instructions of any policer officer. **HIDE:** If evacuation is not possible, find a place where the active shooter is less likely to find you. Your hiding place should be out of the shooter's view; provide protection if shots are fired; provide protection if shots are fired in your direction; remain quiet; dial 911 if possible. **FIGHT:** As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter; throw items; yell.

NO PARKING REQUEST AT LAKE AVENUE & OVERLAKE ROAD: The Town received a request for installation of no parking signs in the area where Overlake turns into Lake Avenue in the Benson Bay area. The resident expressed concern for public safety when cars are parked on the inner curve of the intersection. The concerns were sent to Mike Casey, Ramsey County Traffic Engineer, the Town's Public Works Director, and the Town's Engineer. This is a narrow road with many driveways on either side. The Public Works Director and Traffic Deputy supported the request. The Town Engineer suggested that the request be processed like the Forest Court parking issue was processed, by surveying the neighbors and consulting

with the Town Traffic Engineer. The Clerk will contact the resident to ask her where her visitors park. The Public Safety Commission expressed concern about how posting "no parking" at this location could open up the whole neighborhood to more such requests – potentially resulting in too many "no parking" areas. It was the consensus of the Public Safety Commission to not install "no parking" signs, but rather, encourage neighbors to not park there.

OTTER LAKE ELEMENTARY SCHOOL CARNIVAL: The Clerk reviewed a fundraising letter sent by the Otter Lake Elementary School Spring Carnival committee. There was discussion regarding whether or not to participate in the Otter Lake Elementary School Carnival and to participate in the Township Day festival instead.

After extensive discussion it was the consensus not to participate in the school carnival this year and to participate in the Township Day festival instead. It was noted that although the Township Day festivities are attended by other communities, there would be a larger number of Township residents in attendance who could be eligible for whatever prizes the Public Safety Commission decides on. By participating in Township Day this year does not prevent the PSC from participating in the School Carnival in future years.

There was discussion regarding funding for the event. It was noted that currently the fees generated by false alarms is declining and that fees for fine citations be allocated to the PSC fund to provide funding for public safety items and activities on behalf of the Town at the Township Day event or the School Carnival.

LeBlanc moved to recommend to the Town Board to allocate fees for fine citations be directed to Public Safety activities, to be used for public safety articles and handouts for events sponsored by the Public Safety Commission on behalf of the Town. Timmers seconded. Ayes all.

Griffin moved to inform the Town Board that it is the consensus of the Public Safety Commission not to participate in the Otter Lake Elementary School Carnival on April 6, 2018, and to participate in the Township Day festival on September 8, 2018 instead. Timmers seconded. Ayes all.
Griffin moved to request the Town Board to direct resources for Public Safety Commission participation in the Township Day festival on September 8, 2018. Pozzini-Stedman seconded. Ayes all.

LIAISON REPORTS: There was discussion regarding continuing liaison reports since there is not much activity to report. It was the consensus that the liaison reports continue and that the categories be reviewed to see if a liaison is needed. If there is anything to report the PSC liaison would provide input. Griffin volunteered to be the liaison to the Sheriff's Office.

NEXT MEETING DATE / ITEMS FOR DISCUSSION: The next meeting will be Thursday, March 1, 2018. Items for discussion include: 1) Liaisons (include adding Public Works and Sheriff's Office); 2) Township Day Festival, Saturday, September 8, 2018.

LeBlanc moved to adjourn the meeting at 7:20 p. m. Pozzini-Stedman seconded. Ayes all.

Respectfully Submitted,

Joan J. Clemens
Recording Secretary

18007178 – On 02/11/18 at 2031 hours, a deputy conducted a traffic stop on a vehicle with a broken license plate light in the area of Hwy 694 and Lexington Avenue North (Shoreview, MN). A license plate check of the suspect vehicle also indicated that the registered owner (RO) had an active (GM) warrant out of Washington County. The driver of the suspect vehicle was determined to be a friend of the RO while the back seat passenger was the RO. The RO was then transported and booked at the LEC on the out of county warrant.

18007198 – On 02/12/18 at 0050 hours, a passerby reported that a vehicle had flipped over a guard rail in the area of Hwy 694 and Rice Street (Vadnais Heights,

MN). Deputies responded to the scene and observed that there was one person standing outside of the smoking vehicle and a passenger in the back seat who was unconscious but breathing. State Patrol, Vadnais Heights FD, Little Canada FD, and Allina ambulance were also dispatched to the scene. Fire fighters were able to get the passenger out of the crashed vehicle. Once State Patrol arrived on scene, they took the call over. Deputies cleared that call as an Assist to Other Agency (AOA). No report to follow.

18007013 – Deputies were dispatched to assist our White Bear Lake Public Safety partners in the area of Centerville Road and Stoddart Lane in White Bear Lake on a burglary. A Sheriff's Office K9 was deployed to assist and a suspect was arrested while one was still outstanding. After a period of time, day shift deputies arrived to assist after the second suspect was spotted in the area. A Sheriff's Office K9 was deployed again and the suspect was found in a wooded area of North Oaks on Centerville Road, between east oaks Road and Deer Hills Drive and taken into custody.

18007038 – Our White Bear Township and Vadnais Heights deputies responded to assist White Bear Lake Police with a in progress fraud that occurred in their city. WBL Officers had the suspect vehicle stopped in the 4800 block of White Bear Parkway but were missing a second suspect. After taking the one suspect in custody, the scene was clear. Later our deputies located a suspect matching the description in the same area and he ran from our deputy. A Sheriff's Office K9 was deployed. The suspect was located and taken into custody by responding deputies and officers. Suspects had multiple warrants.

The suspect was then transported to the Patrol Station and given ample time to consult with an attorney before having to make a choice on whether or not to agree to an Intoxilizer test. The suspect made no attempt to contact

an attorney and would not submit to an Intoxilizer. The suspect was then booked at the LEC on a charge of Test Refusal (GM).

18007098 – On 02/10/18 at 2234 hours, deputies responded to a residential burglary call in the 700 block of Woodland Dr. (Shoreview, MN). People walking away from the call location into their vehicles were then stopped and identified. There was damage to the attached garage door and the front door of the residence was found to be unlocked. The home owner also stated that no one should be at the residence. After doing some investigative work, deputies towed two vehicles and arrested 4 adult males and 1 juvenile female. Each suspect was booked on a charge of Burglary (F).

18007105 – On 02/11/18 at 0014 hours, two deputies and security guards tried to remove an unwanted guest (adult black female) from a business in the 600 block of Jackson Street (St. Paul, MN). She physically resisted, attempted to spit in a deputy's face, and physically assaulted a deputy. As a result of her actions, a deputy sustained an injury to his left hand. The suspect was then booked at the LEC on charges of Assault 4 (F) and Obstruction with Force (GM).

18007112 – On 02/11/18 at 0308 hours, a deputy conducted a traffic stop of vehicle in the area of Snelling Avenue North and Highway 36 (Roseville, MN). The suspect vehicle was previously observed speeding and driving erratically on SB Rice Street before the intersection with Highway 96 and on WB Hwy 36 through the city of Roseville. Once the deputy made physical contact with the driver (adult male), the deputy observed that the driver was under the influence of alcohol. The driver failed field sobriety tests, later tested .14 BAC on the Intoxilizer, and was booked at the LEC on a charge of 4th Degree DWI (M).

Discussion

Minutes
Public Safety Commission Meeting
February 1, 2018

OTTER LAKE ELEMENTARY SCHOOL CARNIVAL: The Clerk reviewed a fundraising letter sent by the Otter Lake Elementary School Spring Carnival committee. There was discussion regarding whether or not to participate in the Otter Lake Elementary School Carnival and to participate in the Township Day festival instead.

After extensive discussion it was the consensus not to participate in the school carnival this year and to participate in the Township Day festival instead. It was noted that although the Township Day festivities are attended by other communities, there would be a larger number of Township residents in attendance who could be eligible for whatever prizes the Public Safety Commission decides on. By participating in Township Day this year does not prevent the PSC from participating in the School Carnival in future years.

There was discussion regarding funding for the event. It was noted that currently the fees generated by false alarms is declining and that fees for fine citations be allocated to the PSC fund to provide funding for public safety items and activities on behalf of the Town at the Township Day event or the School Carnival.

LeBlanc moved to recommend to the Town Board to allocate fees for fine citations be directed to Public Safety activities, to be used for public safety articles and handouts for events sponsored by the Public Safety Commission on behalf of the Town. Timmers seconded. Ayes all.

Griffin moved to inform the Town Board that it is the consensus of the Public Safety Commission not to participate in the Otter Lake Elementary School Carnival on April 6, 2018, and to participate in the Township Day festival on September 8, 2018 instead. Timmers seconded. Ayes all.

Griffin moved to request the Town Board to direct resources for Public Safety Commission participation in the Township Day festival on September 8, 2018. Pozzini-Stedman seconded. Ayes all.

Public Safety Services Division

WHITE BEAR TOWNSHIP
PUBLIC SAFETY COMMISSION

RECEIVED
FEB 13 2018
TOWN OF WHITE BEAR

February 12, 2018

Otter Lake School
Attn: Ms. Cynthia Mueller, Principal
1401 County Road H2
White Bear Township, Minnesota 55710

Dear Ms. Mueller:

The Public Safety Commission met on Thursday, February 1, to make a final decision regarding participation in the Otter Lake School Carnival.

After lengthy and constructive discussion, the decision was made not to participate this year. The Commission will instead devote its resources and time to participating in the White Bear Township Days celebration. The consensus was that this new venue would provide a larger and more diverse community audience to be presented with timely public safety issues. We have appreciated working with Otter Lake School in the past, and will look forward to future civic opportunities. If you should have any questions, please contact Bill Short, Town Clerk, at 651-747-2757 or 651-429-5827.

Unless you hear contrary from the Ramsey County Sheriff's Crime Prevention Office, you may assume that they will participate in the Carnival. As in previous years, they will need a classroom for the K-9 team and some space to operate the Finger Print/ID exhibit.

Best wishes for a successful Carnival this year.

Sincerely,

Richard C. Brueckner, cell 651-448-0234
Public Safety Commission Liaison

Copies to:

Bill Short, White Bear Township
Deputy Mike Servatka, Ramsey County Sheriff, Crime Prevention Office

our flight home arrives April 6 about noon.

Looking forward to seeing all of you.

Ramsey County Sheriff's Office
Jack Serier, Sheriff

Memorandum

Date: February 15, 2018
To: Contract City Administrators
From: Community Support Services & Crime Prevention Unit
Reference: 2018 Plan

During the coming year the Community Support Services Unit (CSSU) will continue to focus on programs and events that improve the quality of life for citizens. Sheriff's staff and volunteers will combine their efforts to deliver a high level of service to educate the public and build relationships within the community and within the organization.

Unit staff includes: Commander Steve Yochim; Sergeant Kevin Otto; Crime Prevention Deputy Sheriff Mike Servatka; School Patrol Deputy Sheriff Mary Bergstrom; Planning Specialist Randy Gustafson; and Administrative Assistant Cindy Davy. In addition to staff, assistance from volunteer Community Affair Officers, Chaplains, Reserve Deputies, and Youth Explorers are utilized. CCSU also coordinates participation in community forward events by full time staff from throughout the agency.

2018 outreach activities:

Scouting Day – February 17. Held at the Ramsey County Public Works facility in the Marsden Room and main garage. Staff coordinates with multiple public service/safety entities to showcase different types of services provided to the public. Audience is boy and girl scouts and their families.

Coffee with a Cop. Four to eight of these informal gatherings will be held in 2018 at local establishments throughout the contract communities. CSSU staff is joined by local patrol deputies, investigators, and command staff to interact with patrons through conversation at these events.

Adding apartment complexes & Senior housing complexes

Hot Dog with a Deputy. Eight events in contract community parks are scheduled for 2018 starting Tuesday, June 5 and ending Wednesday, July 25. Six of the events will be held on Tuesday evenings to reinforce that the first Tuesday in August is Night to Unite. With the financial support of a grant from the Ramsey County Sheriff's Foundation, the RSCO serves hot dogs, water, chips and freeze pops free of charge as citizens interact with many RCSO representatives, equipment and vehicles.

Night to Unite – Tuesday, August 7. This annual event gathers neighborhoods and public safety personnel together for an evening to promote safe communities. In 2017 CCSU coordinated registration, event materials, host instructions, and RCSO visits for 184 neighborhood block parties utilizing 60 ambassador teams. Community participation has continually grown through the years, and with the addition of Falcon Heights' 5,600 residents the CSSU anticipates continued growth for this community favorite activity. Financial support from local businesses and the Sheriff's Foundation help support this event.

Presentations. One to four times a week throughout the year CSSU staff participates in civic gatherings at churches, senior residential, homeowner associations, and various groups to provide presentations on crime prevention and other public safety information. CSSU staff provides tours of the Patrol Station to groups and individuals who visit.

School Safety Patrol Recognition Event. To recognize and thank the children who participate in the school safety patrol program CSSU works with the Sheriff's Foundation School Safety Patrol Committee to manage an event that draws over 900 students and school staff members to Aldrich Arena and the adjoining Golf Dome.

School Safety Patrol Winter Skating Event. This December event for the children who participate in the school safety patrol program is held to reward them for volunteering their time. Raffle, and skating with deputies, reserves, explorers, CAOs, and others are the highlight of this event.

Education based outreach:

Citizen Academy. A three-week-six-session course takes participants on a behind the scenes journey of the work and activities of the Sheriff's Office. The academy starts Tuesday, February 20 and ends Thursday, March 8. The course is designed to give citizens a better understanding of the duties, responsibilities, equipment, training and facilities of the Sheriff's Office. In addition to classroom sessions, participants receive tours of the patrol station, the adult detention center (jail), Courthouse, and other Sheriff's Office facilities.

Community Emergency Response Team (CERT) Academy. The CERT Program partners community members and emergency services personnel together for coordinated responses following a catastrophic disaster, when communities affected may not have immediate access to emergency services. Community Affairs Officer Carolann Martin coordinates the CERT Academy, with support from the rest of the unit. The nine-week course brings in instructors from multiple disciplines for each session covering the topics of Disaster Preparedness, CERT Organization, Fire Safety, Light Search and Rescue, Disaster Psychology, Disaster Medical Operations and Terrorism.

CERT Continuing Education and Training. In 2018 to encourage CERT trained citizens to remain involved in the program and confident to help their neighbors and neighborhood in times of need, training sessions will be held quarterly and a newsletter was introduced.

Bike Rodeo. CSSU staff works with the Sheriff's Mobile Field Force Bike Response Team to provide an experience that includes bike equipment inspection and fitting, safety instruction, rules of the road and safe riding, and a skills riding course. Bike rodeos are geared toward children, however adult riders are welcome to participate in the training too.

Crime Prevention programming:

Neighborhood Watch. CSSU works with neighborhood volunteers to implement the principles of crime deterrence and detection while encouraging the active reporting of crimes and suspicious activity. Neighborhoods that participate in Night to Unite are encouraged to organize a Block Club and choose a 'Captain' to be the point of contact with the Sheriff's Office Crime Prevention program.

For 2018 updating the signs that identify active neighborhood watch groups is a goal, with design and cost factors prepared in time for participating cities to include in their 2019 budgets.

Neighborhood Watch Newsletter. CSSU publishes the Block Captain News six times a year, odd-numbered months, with seasonal crime prevention tips, activity reports, and other information. The newsletter is emailed to an audience of approximately 400 Block Captains, NTU hosts, contract community elected, city officials, and interested individuals. It is also available on the RCSO website.

Quarterly Block Captain meetings. Neighborhood block captains are invited to attend quarterly meetings conducted by the Crime Prevention Unit. Held at the large County Public Works Marsden Room in Arden Hills these meetings are designed to provide information and discuss current concerns regarding neighborhood safety. Attendance in 2017 ranged from 45 at the three sessions discussing safety to 150 when NTU materials were distributed.

3SI Security Systems tracking devices. To proactively address thefts from doorsteps and construction sites the Crime Prevention Deputy runs a program that utilizes devices that can be deployed inside vehicles, televisions, construction equipment, etc. The device activates when moved allowing patrol deputies to monitor the tracking devices from their vehicles and follow the stolen item to the thief's lair.

Crime Free Multi-Housing. The Minnesota Crime Free Rental Housing Program is designed as a partnership between law enforcement, and rental property owners, managers and tenants to keep drugs and illegal activity out of rental property. When crime and drugs operate out of rental property, neighborhoods suffer and landlords pay a high price. That price may include the loss of valued tenants, decline in property values, property damage, civil penalties, fear, frustration, resentment and anger between neighbors, tenants and property managers. The Sheriff's Office hosts bi-monthly meetings for property managers to discuss public safety concerns, issues, and methods to address them. A 2018 goal of the Crime Prevention team is a comprehensive review of this program's goals, methods, and operation considering the needs and wants of property managers, city officials, and the Sheriff's Office.

Faith Based Community Initiative. In the fall of 2017 the Sheriff's Office began an outreach effort with the faith based organizations in the contract communities to develop relationships of interactive engagement. The range of topics and needs could include building security, safety concerns of those attending services, crime prevention, policies, practices, and more. The goal is to continue working on this initiative.

Tobacco Compliance Checks – To verify that local licensed vendors are selling tobacco in accordance with local ordinance CSSU coordinates with the Ramsey Tobacco Coalition Program to conduct compliance checks in the contract communities.

Volunteer Group Management:

CSSU oversees volunteers who graciously give their time to help the Sheriff's Office deliver quality public safety services in the contract communities.

Community Affairs Officers. The CAO program has over forty volunteers who volunteer over 10,000 hours per year for community outreach initiatives. These men and women assist with all our community events, parades, ceremonies, and assist with office tasks when expertise or time is needed. Volunteer CAO details include distribution of crime alert flyers to neighborhoods, theft from auto surveys, traffic enforcement surveys, information booths, child fingerprinting, and more. The group meets monthly for training and organizational purposes. An academy for new volunteer recruits will be held in 2018.

Chaplaincy Corps. The Ramsey County Chaplaincy Corps is a group of eleven Christian based chaplains who can respond on an on-call basis to requests within the contract communities, as well as Maplewood, New Brighton, Saint Anthony, Mounds View, North Saint Paul, and White Bear Lake. Chaplains assist Law Enforcement with death notifications, being available as a resource for grieving family members and friends. They are also a resource for agency staff, providing comfort and support when needed.

Triad – The White Bear Lake Area Triad is a collaboration between law enforcement, local seniors from the White Bear Lake area (including White Bear Township and Vadnais Heights), and the community. CSSU staff attend monthly meetings to provide updates on local crime trends, and often will give a presentation on a specific topic. Staff will also assist with other events that Triad hosts, specifically theft from auto surveys and crime prevention presentations.

School Patrol Deputy:

In addition to participation in CSSU programs, outreach, and activities, the School Patrol Deputy is also responsible for the following programs and initiatives.

D.A.R.E. Drug Awareness and Resistance Education is provided to schools who chose to participate in the program. Classes are provided weekly during a portion of the school year, usually to fifth grade classrooms, culminating in a graduation ceremony.

School Safety Patrol. Training and equipment is provided to participating schools throughout suburban Ramsey County. Training includes proper safety methods of controlling crosswalks at and near schools, supervising student walkers, and bus conduct. Flags, vest replacements, and other equipment is provided with financial support from the Sheriff's Foundation.

School Bus Stop Arm Violations. School bus companies submit reports of violations the bus drivers observe. Following up with the information provided, the Sheriff's Office contacts the registered owner and issues citations when necessary.

Gas Drive Off Program. This program, initiated in the mid-2000s to address gas thefts in times of high gas prices, allows gas stations in the contract communities to contact the Sheriff's Office with information relating to gas drive offs. Initially this program was operated by volunteer CAOs, now Deputy Bergstrom follows up and attempts to recoup lost funds from the registered owner.

Minnesota Vehicle Forfeiture. In DWI cases when the RCSO has the legal authority to seize and forfeit the motor vehicle involved, the agency must issue a notice of seizure and intent to forfeit the vehicle to the driver of the vehicle and to anyone else who may have an ownership or possessory interest in the vehicle. Deputy Bergstrom assists volunteer CAO Dan Mahai who has overseen this process for ten years. Forfeiture paperwork is monitored and updated as the criminal case proceeds.

Planning Specialist:

In addition to aid and support for CCSU programs, initiatives, and activities the following services are provided to the Sheriff's Office.

Public Communications – Weekly Newspapers. Each week prepare Call for Service (CFS) reports of RCSO activity in each contract community, this includes redaction of non-public data, and distribute to community newspapers. Meet with community newspaper reporters to review individual CFS reports of interest and provide additional information that can be released.

Performance Reports. Work with administration to prepare reports on the activities of the agency.

Internal Communications – Department Bulletin. Edit weekly agency bulletin to keep staff and select partners informed of activities and news of interest.

Public Communications – website. Update website information when needed.

Public Communications – inquiry triage. Triage "Contact Us" comment forms and "Ask Sheriff" emails. Reply with appropriate answers or refer to correct subject matter expert, in a timely manner.

Subject: 2017 Youth Access to Tobacco Compliance Results

Dear White Bear Township Board,

Attached are results and a brief update from 2017 tobacco compliance checks. *Thank you* for your dedication to preventing youth access to tobacco. We are making a difference!

Results: In 2017, our compliance rate was 96%, compared to 95.5% in 2016 and 88% in 2015. You will also find 20 years' worth of data- Wow! I would like to specially recognize Arden Hills, Gem Lake, Little Canada, North Oaks, North St. Paul, and White Bear Township for achieving 100% compliance in both checks.

Trainings: All vendors were notified about the new, free, online vendor training (www.stopsalestominors.org). This training allows vendors to access training at their convenience. I am able to track vendors who have taken and passed the online training. In addition to online training, one in-person vendor training was held in the fall of 2017.

Student Volunteers: Eleven new students were recruited and trained to participate in the program. We have 15 students trained and ready to assist with tobacco compliance checks. All students receive gift certificates or services hours, based on the students' request.

Other Updates: Youth compliance checks are an important piece of the puzzle in preventing young people from using tobacco. Strong local ordinances are another aspect of prevention puzzle that reduce the availability of tobacco products. Many Twin Cities communities have taken action this past year to further protect young people.

- **Raising the Age to Purchase Tobacco to 21**: In the past year, four Minnesota cities have raised the age to purchase tobacco from 18 to 21 years old – Edina, Bloomington, Plymouth, and St. Louis Park. They join more than 290 cities and five states around the country in raising the age, a move that will save lives by preventing young people from accessing tobacco. Tobacco companies heavily target young people, and nearly all adult

smokers start before age 21. Raising the tobacco purchase age will reduce teens' ability to buy tobacco products themselves or to access them from friends who are 18.

- **Restricting Flavored Tobacco Products:** Flavored tobacco, including menthol, is designed by tobacco companies to make it more appealing to young people and easier to start. The cities of Minneapolis and Saint Paul passed ordinances in 2017 that will restrict the sale of menthol tobacco to adult-only tobacco shops and liquor stores. Minneapolis, Saint Paul, and Shoreview previously restricted the sale of non-menthol flavored tobacco products, such as strawberry cigars and pina colada e-juice.

For more information about these important tobacco prevention policies, I have attached a few fact sheets. You can also contact me for more information.

Thank you again for your city's commitment to youth tobacco prevention!

Sincerely,

-Katie

TOWN OF WHITE BEAR

Dear Mr. Short,

Enclosed are results and a brief update from 2017 tobacco compliance checks. *Thank you* for your dedication to preventing youth access to tobacco. We are making a difference!

Results: In 2017, our compliance rate was 96%, compared to 95.5% in 2016 and 88% in 2015. You will also find 20 years' worth of data- Wow! I would like to specially recognize Arden Hills, Gem Lake, Little Canada, North Oaks, North St. Paul, and White Bear Township for achieving 100% compliance in both checks.

Trainings: All vendors were notified about the new, free, online vendor training (www.stopsalestominors.org). This training allows vendors to access training at their convenience. I am able to track vendors who have taken and passed the online training. In addition to online training, one in-person vendor training was held in the fall of 2017.

Student Volunteers: Eleven new students were recruited and trained to participate in the program. We have 15 students trained and ready to assist with tobacco compliance checks. All students receive gift certificates or services hours, based on the students' request.

Other Updates: Youth compliance checks are an important piece of the puzzle in preventing young people from using tobacco. Strong local ordinances are another aspect of prevention puzzle that reduce the availability of tobacco products. Many Twin Cities communities have taken action this past year to further protect young people.

- **Raising the Age to Purchase Tobacco to 21**: In the past year, four Minnesota cities have raised the age to purchase tobacco from 18 to 21 years old – Edina, Bloomington, Plymouth, and St. Louis Park. They join more than 290 cities and five states around the country in raising the age, a move that will save lives by preventing young people from accessing tobacco. Tobacco companies heavily target young people, and nearly all adult smokers start before age 21. Raising the tobacco purchase age will reduce teens' ability to buy tobacco products themselves or to access them from friends who are 18.

- **Restricting Flavored Tobacco Products:** Flavored tobacco, including menthol, is designed by tobacco companies to make it more appealing to young people and easier to start. The cities of Minneapolis and Saint Paul passed ordinances in 2017 that will restrict the sale of menthol tobacco to adult-only tobacco shops and liquor stores. Minneapolis, Saint Paul, and Shoreview previously restricted the sale of non-menthol flavored tobacco products, such as strawberry cigars and pina colada e-juice.

For more information about these important tobacco prevention policies, we've enclosed a few fact sheets. You can also contact me for more information.

Thank you again for your city's commitment to youth tobacco prevention.

Sincerely,

Katie H. Engman

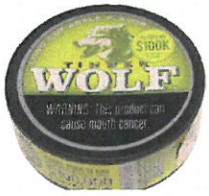
Flavored Tobacco Products

These pineapple-flavored cigars are cheap and easily accessible to youth.

Swisher Sweets come in flavors such as grape, strawberry and chocolate.



Smokeless and spit tobacco are available in flavors such as apple and cherry.

> The tobacco industry's own internal documents state sweet products are "...for younger people, beginner cigarette smokers, teenagers...when you feel like a smoke, you want to be reminded of bubble gum."[7]

WHAT TYPES OF TOBACCO PRODUCTS ARE FLAVORED?

Flavored tobacco products include cigars, chewing tobacco, blunt wraps, electronic cigarettes and shisha, the tobacco used in hookah. These products help the tobacco industry avoid the Food and Drug Administration's (FDA) 2009 prohibition of flavored cigarettes.[1] Flavored tobacco products are often sold in attractive packaging for a low price. Cigars are frequently available for less than $1.

MANY COMMON FLAVORS ARE USED IN TOBACCO PRODUCTS.

Cigars, chewing tobacco, blunt wraps, electronic cigarettes and shisha are sold in fruit, candy, dessert and novelty flavors. Popular flavors include chocolate, piña colada, apple, grape, berry, cotton candy, bubble gum and menthol. The same flavorings used in tobacco products are also used in candy and Kool-Aid.[2] These flavorings are often present in higher amounts in tobacco products than in candy.[2]

WHO USES FLAVORED TOBACCO PRODUCTS?

Flavoring in these products makes it easier for new, young users to take up tobacco, because the flavoring masks the harshness of the tobacco and enhances the user's experience.[3] Nearly 90 percent of addicted adult smokers started smoking by age 18.[4]

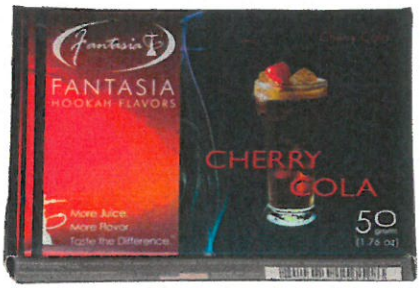
Because of their sweet flavors, low cost and attractive packaging, flavored tobacco products are especially appealing to youth. Young people are much more likely to use flavored tobacco products than adults.[3] The 2014 National Youth Tobacco Survey (NYTS) found that among current tobacco users, 73 percent of high school students and 56 percent of middle school students had used a flavored tobacco product in the past month.[5]

According to a report from the Centers for Disease Control and Prevention (CDC), 63 percent of the students who use electronic cigarettes use flavored e-cigarette juice. Also, 64 percent of those who use cigars use flavored cigars, and 61 percent of those who use hookah use flavored shisha.[5]

Studies show that young people perceive flavored tobacco products as tasting better and being safer than unflavored products, even though they are just as dangerous and addictive as cigarettes.[6]

WHAT DOES THE TOBACCO INDUSTRY HAVE TO SAY ABOUT FLAVORED TOBACCO PRODUCTS?

Documents from the tobacco settlements revealed the "Graduation Theory," a method used by the tobacco industry that aimed to secure customer loyalty.[8] This approach implies that new users start with milder tasting and flavored products. Then, they graduate to full-bodied, less flavored items that often contain more nicotine, resulting in a life-long addiction.



Shisha is the tobacco used in a hookah. It is often flavored.

E-cigarette liquid, known as e-juice, comes in numerous youth-friendly flavors, such as pomberry, psychedelic peach and fruit stripe shown above.

WHAT CAN COMMUNITIES DO ABOUT FLAVORED PRODUCTS?

Flavored tobacco products are a major public health concern because they encourage young people to start using tobacco. While the FDA banned flavored cigarettes other than menthol in 2009, the ban does not affect other tobacco products, many of which are now heavily marketed by the tobacco industry. The use of these products, especially among young people, has spiked.[5]

State and local governments can adopt laws that restrict the sale of flavored tobacco products within their jurisdiction. Limiting the sale of products, setting a minimum price or creating a minimum pack size for cigars are some of the ways communities can protect their youth. According to the 2000 U.S. Surgeon General's Report, raising prices of tobacco products decreases tobacco use among youth and young adults.[9] Making flavored tobacco products less accessible has the potential to reduce youth tobacco use.

WHAT COMMUNITIES HAVE TAKEN A STANCE AGAINST FLAVORED PRODUCTS?

Locally, Minneapolis and Saint Paul restricted the sale of flavored tobacco, allowing flavored tobacco to only be sold in adult-only tobacco shops, meaning convenience stores can no longer sell flavored tobacco products. This significantly reduces availability and visibility of the products.

New York City and Providence, R.I., passed policies restricting flavored tobacco sales, with the exception of menthol-flavored products. Chicago passed an ordinance restricting sale of all flavored products, including menthol cigarettes, within 500 feet of schools except in adult-only tobacco retailers.

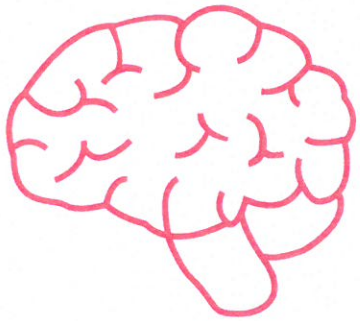
Increasing the Tobacco Sale Age to 21

WHY RAISE THE TOBACCO SALE AGE?

The tobacco industry heavily targets young adults ages 18-21 in order to recruit new tobacco users and guarantee profits. Approximately 95 percent of current adult smokers started before they were 21.[1] In Minnesota, no one under 18 years old is allowed to buy tobacco. Youth get tobacco from several sources, including social sources. A 16-year-old has more contact with and access to 18-year-olds who can buy tobacco. However, it is less likely that a 16-year-old would ask a 21-year-old for tobacco. Increasing the age gap between young people and those who can legally buy tobacco will reduce youth access to tobacco.

A 2015 report from the Institute of Medicine (IOM) found that increasing the legal age to purchase tobacco to 21 would decrease smoking initiation among 15-17-year-olds by 25 percent.[2] A Minnesota-specific study looked at the impact of raising the tobacco age and found that 25 percent fewer 15-year-olds would start smoking by the time they turn 18 and 15 percent fewer 18-year-olds would start smoking by the time they turn 18. This translates into 30,000 young people not becoming smokers over the next 15 years.[3] If youth don't smoke by the time they are 21, they likely never will.

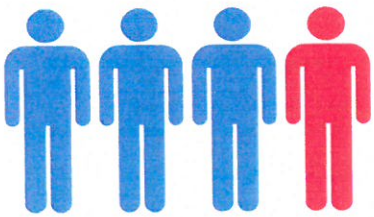


Nicotine is harmful to the development of the adolescent brain.

WHAT IS THE IMPACT OF NICOTINE ON ADOLESCENT BRAIN DEVELOPMENT?

Nicotine is addictive and is particularly harmful to the developing adolescent brain. Evidence suggests that nicotine interferes with brain maturation and can have a long-term effect on cognitive development and mental health.[4] Even brief or intermittent nicotine exposure during adolescence can cause lasting damage.[5]

The addictive properties of nicotine can lead adolescents to heavier daily tobacco use and a more difficult time quitting later in life.[6] Nicotine exposure can also increase the risk of addiction to other harmful substances.[5] The long-term effects of nicotine on the adolescent brain is a significant public health concern.[7,8]



3 out of 4 adults favor increasing the sale age for tobacco to 21.

WHO SUPPORTS RAISING THE TOBACCO SALE AGE TO 21?

A 2014 national survey showed that 75 percent of adults favor increasing the minimum sale age for tobacco to 21. A national consensus is growing to protect young people from a lifetime of addiction and health problems caused by tobacco by raising the tobacco sale age. In addition, 70 percent of current smokers and 65 percent of those age 18-24 support raising the minimum tobacco sale age.[9]

"Raising the legal minimum age for cigarette purchaser to 21 could gut our young adult market where we sell about 25 billion cigarettes and enjoy a 70 percent market share."
Philip Morris report, 1986

IS YOUTH TOBACCO USE STILL A PROBLEM?

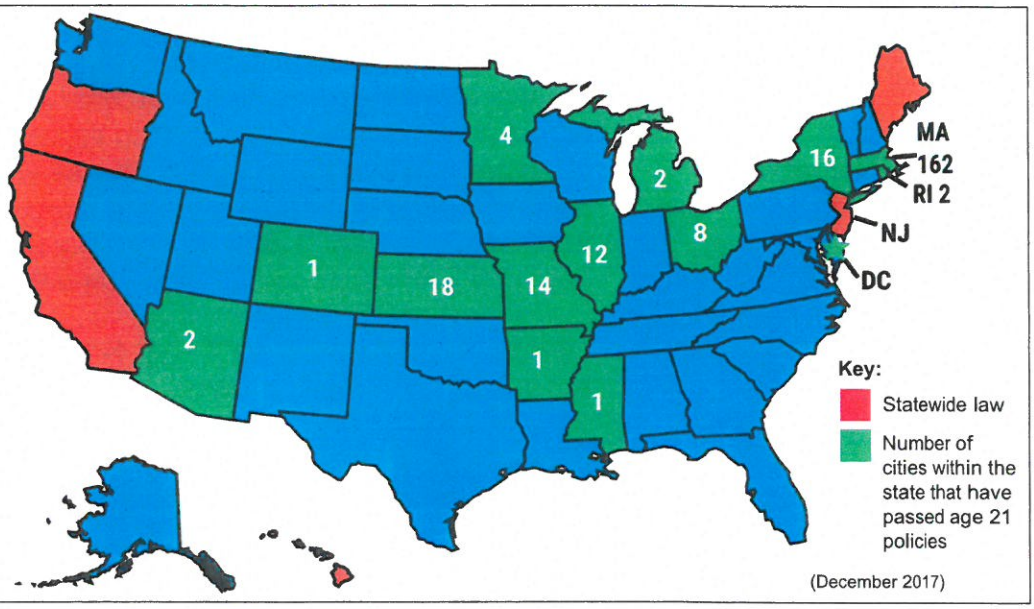
The percent of students who smoke cigarettes is declining, but the 2016 Minnesota Student Survey found that 9th and 11th graders in Minnesota are now using e-cigarettes at twice the rate of regular cigarettes.[10] Increasing the sale age to 21 would reduce youth access to all harmful tobacco products, including e-cigarettes, cigars and hookah.

WHAT CAN STATE AND LOCAL GOVERNMENTS DO?

California, Hawaii, New Jersey, Maine, and Oregon with a growing list of more than 275 cities in the United States have raised the tobacco sale age to 21. New York City, Boston, Kansas City, Saint Louis and Chicago lead that list. The city of Needham, Massachusetts raised the legal tobacco sale age to 21 in 2005. Within five years, tobacco use among high school students decreased by nearly half.[11]

California, Hawaii, New Jersey, Maine and **Oregon** have all raised the minimum legal sale age for tobacco products to 21.

More than **275 localities in the United States** have raised the minimum legal sale age for tobacco products to 21.



Some organizations that support raising tobacco sale age to 21 include:

- American Cancer Society Cancer Action Network
- American Heart Association
- American Lung Association
- ClearWay Minnesota℠
- Minnesota Academy of Family Physicians
- Service Employees International Union Minnesota State Council
