Portland Avenue Bituminous Resurfacing Buffalo Street to County Road J

Project Highlights:

- This project consists of rehabilitating and resurfacing Portland Avenue. Project limits will be between Buffalo Street and County Road J.
- Work is scheduled to begin the week of July 18th. The work will take approximately two weeks, weather permitting.
- Work consists of milling existing roadway surface, and paving of the roadway surface.
- Portland Ave. between Buffalo St. and County Road J, will be closed to thru traffic. Traffic will be directed to use alternate routes during the project.
- Local traffic access will be provided to all businesses and driveways during construction.
- There will be no assessments to adjacent property owners for this project.

**Thank you for your patience and cooperation
during this project.**
